Dear Community,

After careful consideration regarding the impact of Hurricane Harvey to our community, the Mental Health America Fort Bend Board of Directors has decided to postpone our Annual fundraiser the Barn Yard bash scheduled for October 13, 2017. It is our goal to focus on the mental health needs of those in our community as they recover and rebuild from the devastation of Hurricane Harvey. During this time we plan to continue to work closely with the county and community to provide mental health relief efforts for as many individuals and families as we can.

Together we can make a difference in our community,

Katina Scott

A handwritten signature in black ink, appearing to read 'Katina Scott', is placed above the printed name.
